R **DELEGATE SUMMARY** / **POST EVENT REPORT**

The 15th GCC Cigre International Conference & The 24th Exhibition for Electrical Equipment

was successfully held from October 27-29 at the Oman Convention & Exhibition Centre.

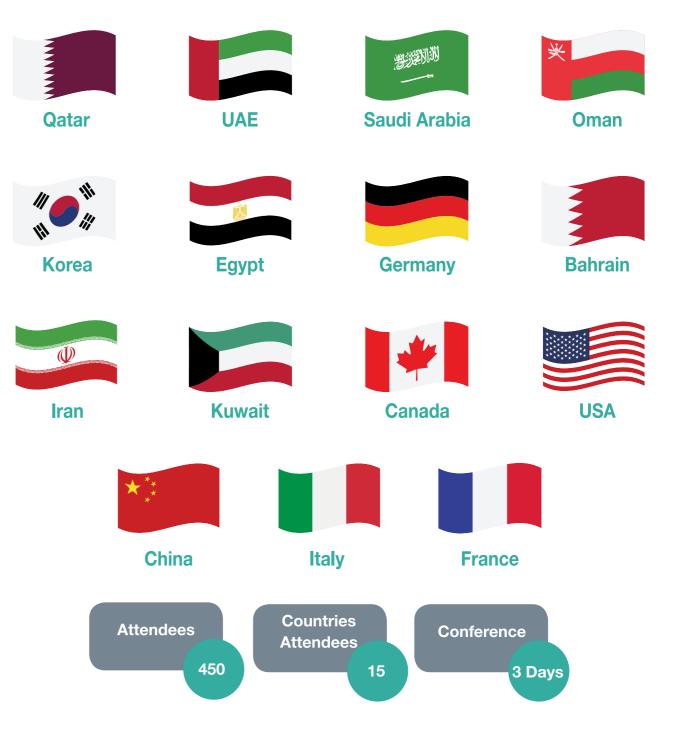

The event was opened by H.E./ Eng. Salim Nasser Al Aufi Under Secretary - Ministry of Oil & Gas

Unique Opportunity to Attract Energy Industry Professionals The results below are computed by counting one registration per Participant*.

Total number of registrations: +450 Break down: In the graphs below, only active registrations** are counted.

POST EVENT REPORT

EXHIBITOR FEEDBACK

Exhibition Highlights

The exhibition covered all aspects of the production, transportation and distribution of electricity and brought together the power sector professionals giving them direct access to government stakeholders and key decision makers involved in the electricity sector.

More than 1,200 local, regional and international experts visited GCC Power 2019 during the three day exhibition.

Conference **Highlights**

The

Attended by more than 450 power experts. More than 120 International and local speakers. More than 70 technical posters presented. The program focused on use of modern technologies, spot markets, smart networks and renewable energy, the conference focused on regional electrical connection, the use of modern technologies, the establishment of markets for electric power, smart networks and renewable energy, which will contribute to increasing the reliability and efficiency of the performance of the electrical system, and will highlight the rationalization of electricity consumption in the GCC count.
